THERE IS NEED

32% of children in Milton Keynes are living in poverty*

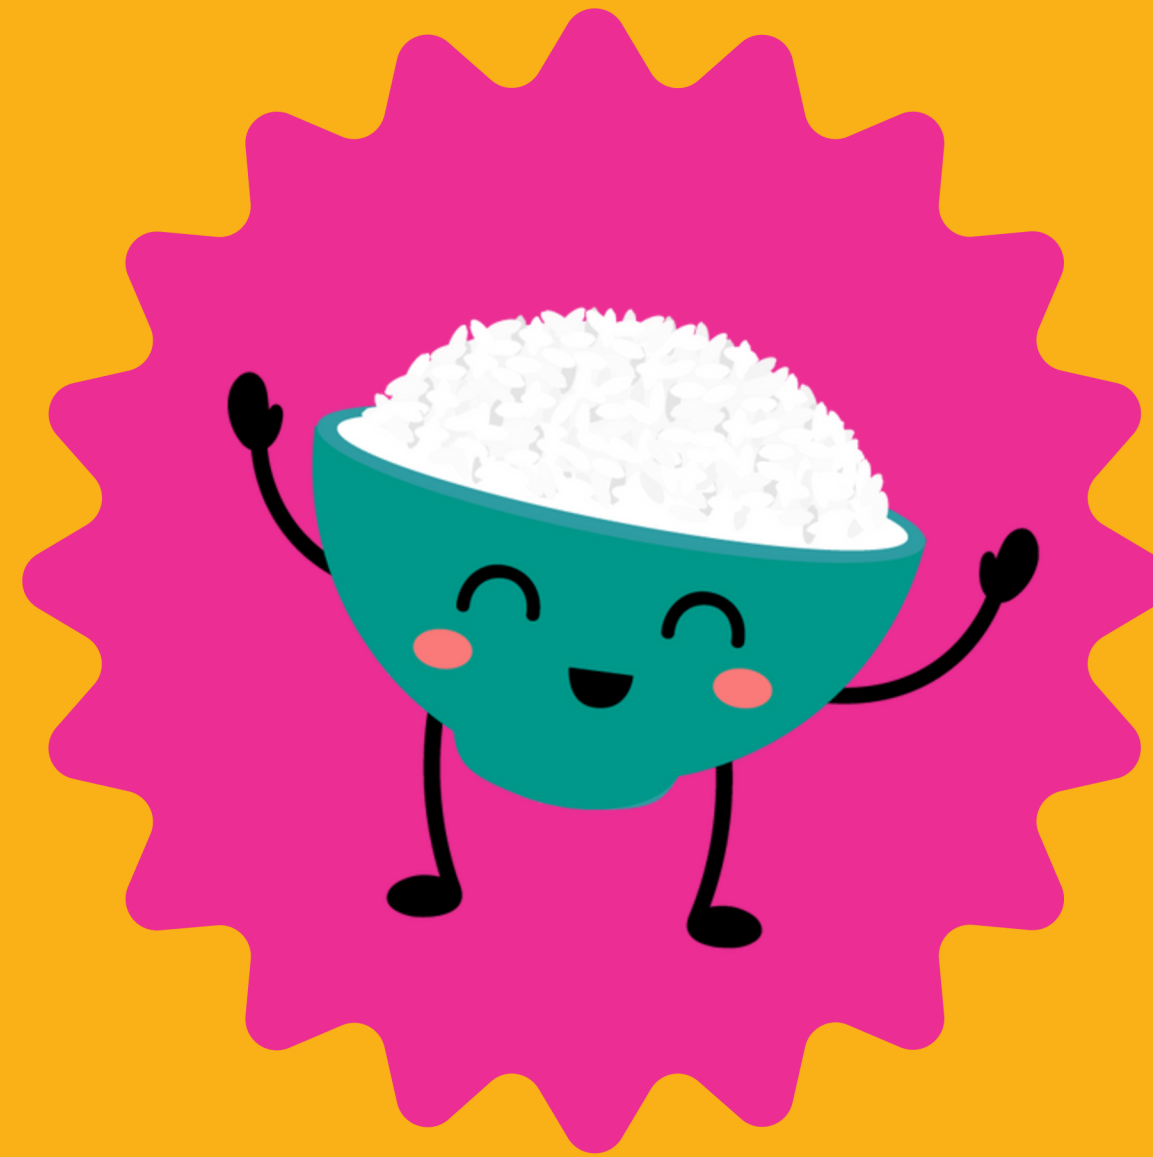

We have seen an increase in demand & new schools & nurseries have been reaching out to partner with us this year.

In the last academic year we delivered 7,556 meal boxes, feeding 30,224 hungry people.

We are partnered with over 140 schools, pre schools, family centres & NHS settings to get our meal boxes to as many hungry children as possible.
